Aluminum Repair Bay

Product Advantages

- Clear "Tent style" curtain top attaches to your existing building truss or shop ceiling via "Single point" drop-down connection
- 20 mil double polished clear top allows for existing light to be used within the bay
- 4 sided / 2 curtain Goff Curtain Wall station with full hook & loop closures and floor sweeps for maximum contaminant separation
- Full "Drive through" configuration makes vehicle entrance & exiting easy
- (4) 90 degree curves with channel track configuration gives excellent curtain storage flexibility
- Available in "Floor mount" or "Suspend from ceiling" mounting options
- All materials meet NFPA-701 fire resistance tests & are certified for collision repair use.
- Curtain top is wedge-welded and pitched to reduce dirt and dust entrapment and promote self-cleaning.

Options Available

- Wind or draft tie downs with stainless steel hook & nylon strap.
- Tieback to hold the curtain in place when not in use.
- Custom logos for your company name, trademarks, slogans, products, etc.
- Removable filter panels.
- Solid vinyl, all clear, all weldview panels available.
- Additional colors available.

Product Benefits

- Low cost / High value solution for becoming "Aluminum Repair" compliant
- Avoid costly reworks by implementing proper area separation
- No complicated or expensive roof framework required
- Eliminates costly brick and mortar permanent type walls.
- Separates conflicting tasks within work environments and quickly creates privacy areas
- Easily slides out of the way when not needed
- Helps to control contaminants, temperature, sound and light.
- Resistant to most chemicals
- Easy to install, clean and replace
- Five-year warranty on curtain/Lifetime warranty on all hardware
