Oversized Curtains

Product Advantages

- Heavy duty 14 oz vinyl coated polyester fabric with 20 mil clear PVC window.
- Meets NFPA 701 (Large scale) flame retardancy and California Fire Marshal standards.
- Custom curtains can be made exceeding 100' in height
- Double and triple folded hems for greater strength and durability.
- Double lock stitching with mildew/rot resistant thread is standard.
- All edges are finished.
- 2" industrial Velcro joins curtain panels. (Velcro runs the full height of the curtain)
- Top and bottom turn buttons at each curtain panel Velcro joint for mechanical reinforcement
- Vertical seams are reinforced with 1" nylon webbing
- Top hem has 2" nylon webbing for reinforcement
- Nylon pull cord to assist in moving curtains
- Fully enclosed, sewn in, galvanized chain in the bottom hem
- 12 colors to choose from at no additional cost.
- 16 gauge, galvanized steel, channel track with dual wheeled trolley carrier roller hooks on 1 ft. centers (steel rollers are recommended on curtains over 16 ft. high)

Options Available

- Wind or draft tie downs with stainless steel hook & nylon strap
- Floor sweeps to compensate for uneven floors.
- Valance panels to look, to create more complete separation and to hide mounting hardware.
- Tiebacks to hold the curtain in place when not in use.
- Custom logos for your company name, trademarks, slogans, products, etc.
- Air-filter panels sewn into the curtains.
- Solid vinyl, all mesh, all clear, all weldview panels available.

Product Benefits

- Ideal for hanger separation, painting, blasting, washing and reducing heat/cold loss.
- Eliminates costly brick and mortar permanent type walls.
- Separates conflicting tasks within work environments and quickly creates privacy areas
- Easily slides out of the way when not needed
- Helps to control contaminants, temperature, sound and light.
- Resistant to most chemicals
- Easy to install, clean and replace
- Five-year warranty on curtain/Lifetime warranty on all hardware
