## Vinyl Roll-Up Curtains

---

### Product Advantages

- Heavy duty 14 oz or 18 oz vinyl coated polyester fabrics.
- 20 mil, 40 mil clear PVC or Weldview tinted windows available.
- Vinyl material meets NFPA 701 (Large and Small scale) flame retardancy and California Fire Marshal standards.
- Custom curtains up to 25' wide.
- Double and triple folded hems for greater strength and durability.
- Double lock stitching with mildew/rot resistant thread is standard.
- All edges are finished.
- Fully enclosed, sewn in, 3/4" fiberglass tube and chain in the bottom hem for motion reduction, floor compliance and improved appearance.
- Mounting hardware is included.
- 12 colors to choose from at no additional cost.
- Motorized models roll up on a 4" aluminum roller tube (manual roll-ups use a 3" tube)

### Motorized Models

- 110 VAC Motor
- Hardwired or RF Remote Control
- 18" or 28" per second up/down speed
- Rolls up on a 4" aluminum roller tube

### Manual Models

- Awning hand crank (speed about 3" per second)
- Rolls up on a 3" aluminum roller tube

### Options Available

- Wind tie downs
- Floor sweeps to compensate for uneven floors.
- Valance panels to dress up the top, create more complete separation and hide mounting hardware.
- Custom logos for your company name, trademarks, slogans, products, etc.
- Weldview windows to help protect eyes from harmful ultraviolet rays.
- Solid vinyl, all mesh, all clear, and all weldview curtains available.

### Product Benefits

- Eliminates costly brick and mortar permanent type walls.
- Opens up floor space
- Roll up curtains stay cleaner longer
- Separates conflicting tasks within work environments.
- Quickly creates privacy areas
- Improve working conditions
- Easily rolls up out of the way when not needed
- Helps to control contaminants, temperature, sound and light.
- Resistant to most chemicals
- Easy to install, clean and replace
