Wall Bracket (Included)

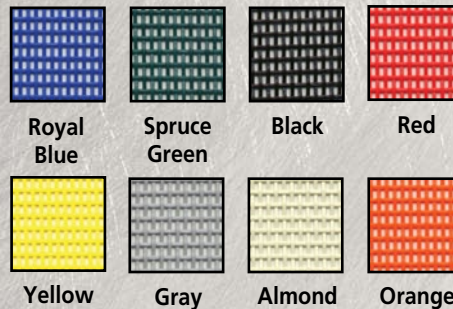

Tie Back Strap (Included)

**The Most Economical Solution to Controlling Pests!**

## Material

- Heavy duty 11 oz. pre-coated woven vinyl polyester mesh
- 17 X 11 polyester scrim provides small openings difficult for insects to penetrate
- Resistant to all ultraviolet rays
- Rot, tear and mildew resistant
- Valance panel constructed with 18 oz. solid vinyl
- Solid vinyl material also available

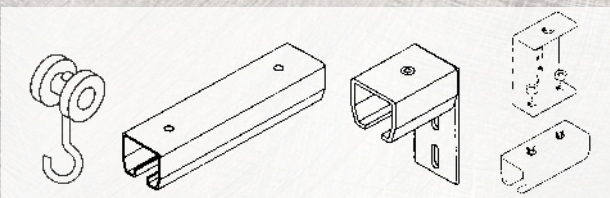

### Mesh Color Options

\*Colors shown are not an exact match. Please contact Goff's for material samples.

## Mounting & Hardware

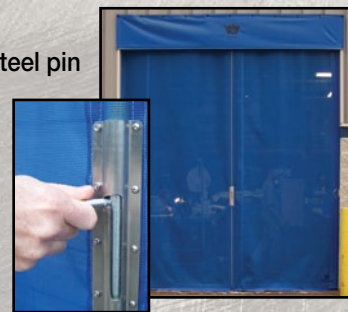

Side Seal Doors mount under the header between the jams. Door slides on a galvanized steel track and roller system. Door fastens to jam to prevent bowing with a stainless steel wall bracket with keyhole slot. A simple lift and up motion is used to engage or disengage the door. Wall bracket is standard.

## Options

**Upgrade to Steel Rollers**  
Side Seal Doors come standard with nylon rollers. Steel rollers are available.

**Center Cam Lock**  
Extends a galvanized steel pin into the floor to prevent the door from bowing with wind load.

**Warranty:** Goff's Enterprises, Inc. warrants all Side Seal Doors from failure in normal use due to defects in material or workmanship for a period of FIVE years from date of purchase. A LIFETIME warranty on all track & roller hardware. Goff's Enterprises may elect to repair or replace defective or damaged goods.
